

Spring RV Tune Up Menu: 2023-24

Get your RV checked *before* you hit the road! We offer base services with a flat fee for checking and prepping your trailer or motorhome. If we discover items needing repair, we will contact you with a non-obligatory quote.

De-Winterize — \$85

Flush the antifreeze and turn all bypasses to make the unit ready for camping.

Water System Check — \$85

Go through the water pump with city water to ensure it is working properly, with no leaks in the lines, faucets, drains, or toilet.

Gas Test — \$85

Check gas pressure and check for leaks. Fire up appliances (stove, furnace, water heater, A/C) to make sure they all work properly.

Electrical & 12-Volt Inspection — \$85

Test all 110-Volt functions for issues: outlets, lights, charging system, etc.

Roof & Sides Caulk Inspection — Complimentary with any package above

Check over all caulk seams for gaps and cracks. We will call with results of the inspection

Winterize — \$125
